The Cumberland-Perry Drug & Alcohol Commission believes that any use of alcohol or other drugs by adolescents demands a strong response from adults. We have developed a training series designed specifically for adults to enhance their ability to respond both appropriately and effectively to any level of adolescent drug and alcohol involvement.

SESSION 1

- Stages of adolescent drug and alcohol use
- Display of drug-related paraphernalia
- Current drugs of abuse

SESSION 2

- Parental attitudes
- Developmental assets and protective factors
- Treatment options
- Community and school-based resources
