The District is committed to the maintenance of a safe, positive learning environment for all students that is free from discrimination by providing all students course offerings, counseling, assistance, services, employment, athletics and extracurricular activities without any form of discrimination, including Title IX sexual harassment. Cumberland Valley School District Student Code of Conduct School Board Policy 218 / Student Discipline

The Board finds that student conduct is closely related to learning. An effective educational program requires a safe and orderly school environment.

The Board shall establish fair, reasonable and nondiscriminatory rules and regulations regarding the conduct of all students in the School District during the time they are under the supervision of the school or at any time while on school property, while present at school-sponsored activities, and while traveling to or from school and school-sponsored activities. This policy shall also apply to student conduct prohibited by the Code of Student Conduct which occurs off school property if any of the following circumstances exist:

- Student expression (e.g. social media postings) or conduct materially and substantially disrupts the educational environment of the school.
- The conduct has a direct nexus to attendance at school or a school-sponsored activity, for example, a transaction conducted outside of school pursuant to an agreement made in school, that would violate the Code of Student Conduct if conducted in school.

Cumberland Valley School District Student Code of Conduct Rights and Responsibilities

Student Rights

Students have the right to speak or express themselves, publish and distribute their opinions in a respectful, accurate manner, and have access to school facilities. (Board Policy #220)

Students have the right to learn in an environment free of unlawful harassment. The District is committed to providing a physically and psychologically safe learning environment. Toward that end, no person shall make any unwelcome or unwanted sexual advance, any form of improper physical contact, or sexual remarks that create a hostile or offensive learning environment. (Board Policy #248)

Students have the right to respectfully refrain from the Pledge of Allegiance and Flag Salute but must respect the rights and interests of classmates and staff who wish to participate. (Board Policy #807)

Students have the right to dress as they deem appropriate unless their clothing or personal hygiene causes a health or safety hazard, disrupts the educational process, is immodest, or displays language/symbols which violate stated guidelines related to age-appropriate, profane, harassing, and/or threatening conduct. (Board Policy #220)

A student who violates the Code of Conduct may receive a suspension from school up to an exclusion (expulsion) depending upon the nature of the offense. The principal may temporarily suspend a student for up to three days without a hearing. The principal is required to establish the facts, allow the student to respond to the charges, and notify the parent/guardian if the suspension is imposed. The principal will send a written notice to the Superintendent/designee and student's parent/guardian.

For suspensions in excess of three days, students have the right to an informal hearing with the appropriate building administrator within the first three days of a suspension. Prior to the hearing, the student and parent/guardian must receive written notice stating the nature of the alleged charges and all information to which they are entitled in order to prepare properly for the hearing. Students are permitted to make up exams and work missed while on suspension. A suspension may be issued for up to ten days.

Expulsion is exclusion from school for more than ten consecutive days and may be permanent. Expulsion proceedings require a formal hearing before members of the School Board. Appropriate notices and appropriate information to which students and parent/guardian are entitled will be furnished. Students have the right to legal counsel at a formal hearing before the School Board. The formal hearing shall be held in private unless the student or parent/guardian requests a public hearing. If the School Board rules in a student's favor, all references to the alleged incident shall be removed from the student's records.

Student Responsibilities

All students enrolled in the school district shall conduct themselves in accordance with the rules of the district and individual schools. Such rules require proper conduct, regular attendance, acceptable quality of scholarship, good relations with others and acceptable standards of dress and grooming. It is also expected that parents/guardians will cooperate with school authorities in helping students to maintain such conduct.

All students shall exhibit good behavior, maintain regular attendance, respect the personal and property rights of others, maintain a level of decorum which will not interfere with the educational processes of this district, obey the specific policies of this district, and obey the directions of teachers and administrators.

Student responsibilities include regular school attendance, conscientious effort in classroom work and conformance to school rules and regulations. Most of all, students share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living.

No student has the right to interfere with the education of his/her fellow students. It is the responsibility of each student to respect the rights of teachers, students, administrators, and all others who are involved in the educational process. Students should express their ideas and opinions in a respectful manner.

It is the responsibility of the students to conform to the following expectations:

- Be aware of all rules and regulations for student behavior and conduct themselves in accordance with them. Students should assume that, until a rule is waived, altered or repealed in writing, it is in effect.
- Volunteer information in matters relating to the health, safety, and welfare of the school community and the protection of school property.
- Dress and groom to meet fair standards of safety and health, and not to cause substantial disruption to the educational processes.
- Assist the school staff in operating a safe school for all students enrolled therein.
- Comply with Commonwealth and local laws.
- Exercise proper care when using public facilities and equipment.
- Attend school daily and be on time at all classes and other school functions.
- Make up work when absent from school.
- Pursue and attempt to complete satisfactorily the courses of study prescribed by Commonwealth and local school authorities.
- Report accurately and not use indecent or obscene language in student newspapers, publications, or on school premises.

Parent/Guardian Responsibilities

We ask that parents/guardians assist in teaching their children the importance of honesty, respect for law, respect for property, and respect for the rights of others. When parents/guardians and a school work diligently toward the fulfillment of these obligations, every individual benefits. We ask that parents/guardians:

- Assure their child's compliance with approved codes of behavior and discipline.

- Read the respective building Student Handbook(s) for their child(ren)'s building(s) and discuss school rules with their children.
- Cooperate with school personnel whenever special services are indicated for the student.
- Become involved in their child's school life.
- Participate in school/community meetings, functions, and projects.
- Call to arrange a conference with the building administrator to discuss concerns or questions regarding disciplinary action.

Staff Responsibilities

Each member of the school district's faculty/staff must understand the CVSD Student Code of Conduct and accept responsibility for making it work. In addition, faculty/staff must know the information in their respective building's Student Handbook. Efforts by staff to counsel students should convey respect for students as persons

2021-22 Code of Conduct and Table of Consequences

The examples provided in the 2021-22 Code of Conduct are not to be interpreted as an exhaustive list of behaviors which may require disciplinary action by school district personnel. The following conduct/consequence structure includes different levels which represent a continuum of behaviors based on the seriousness of the act and the frequency of the occurrence. Students should seek to avoid both the specific behaviors cited as examples as well as representative behaviors of the type of conduct described. All students found in violation of Board Policy or District guidelines and regulations will receive appropriate disciplinary action.

Minor Infractions

Minor offenses are misbehaviors which impede orderly classroom procedures or interfere with orderly operation of the school. They may be managed, generally, “on the spot.” (classroom, common areas, etc.) Disciplinary consequences range from warning/intervention activities to suspension.

The order of listed offenses is not ranked or sequential, nor is it to be considered an all-inclusive list. Minor infractions include:

- Academic dishonesty – not plagiarism
- Possession and/or use of an unauthorized electronic device
- Caused, or attempted to cause, damage to school or private property including defacement and/or graffiti (non-permanent)
- Disobedience, insubordination, defiance, disrespect – failure to respond to adult directives/requests
- Disruptive behavior – interruption to class, school, school-related environments
- Dress code violation
- Driving/parking violation
- Bus/school vehicle misconduct
- Class Cut
- Failure to report to assigned consequence (lunch or after-school detention, ISS, etc.)
- Forging a note
- Failure to follow procedure
- Inappropriate behavior/language – not used in an abusive or threatening manner
- Lying
- Tardiness to school/class

Recommended Interventions:

- Clearly define/post the behavioral expectations.
- Implement procedures for all class routines - entering the room, handing in assignments, sharpening the pencil, welcoming a guest, etc.

- Teach and role-play the behavioral expectations, classroom procedures, use of materials, etc. Demonstrate what the expected behavior “looks like” (positive example) as well as what it “does not look like” (non-example).
- Pre-correct - Prior to directing students to perform a task, provide a description of what the expected behavior will look like. “Lunch will be in two minutes. At that time, everyone will put away all materials, push in chairs and line up.”
- Cue/Prompt/Remind - Provide a pre-arranged, previously taught cue to remind specific students to engage in the appropriate behavior.
- Acknowledge students who appropriately demonstrate the expected behavior.
- Specifically explain how the behavior did not meet the stated/taught expectation. “It is disrespectful to other students when you _____.”
- Provide a warning - “Respect a school rule. All students are expected to talk respectfully to staff and students here at ABC School. This is your official warning.”
- Check for student understanding of the behavioral expectations. “Please summarize what we discussed so I ensure there is no confusion.”
- Evaluate the student’s skill repertoire. Determining if the student is capable of demonstrating the behavioral expectation. Evaluate behavior & academic domains.
- Determine the function of the misbehavior. All behaviors serve a purpose (function). Determine what the student is gaining or avoiding by misbehaving?
- Provide a structured choice - clearly offer a choice between two alternatives and state the consequence for each. “You can work quietly on your assignment now and leave with the class or work with me during lunch.”
- Evaluate environmental factors within the classroom, which may be contributing to the misbehavior: space, time, materials, and interactions.
- Collaborate with colleagues to identify behavior patterns and trends (class-to-class, year-to-year, etc.).
- Use a variety of consequences: positive reinforcement, negative reinforcement, penalties and punishments. Remember, punishment is the least effective consequence for students with anti-social behaviors.
- Evaluate the effectiveness of consequences. Ineffective consequences must be analyzed and modified. Seek assistance for “out of the box” ideas.
- Involve a problem-solving team (grade, team, family, Student Support Teams, 504, IEP).

Repeated Minor Infractions Violations:

In order for disruptive and defiant behaviors to reach the level of a major infraction, clear documentation of the student’s behavior pattern, as well as site interventions to correct the behavior, must be established.

Major Infractions

Major infractions are violations of the Code of Conduct which require the immediate attention of administrative staff. Disciplinary consequences range from detention (lunch, after school, etc.) to suspension to recommendation for expulsion.

Recommended Interventions

As part of all disciplinary consequences, students may be asked to complete specific reflection activities or to participate in interventions designed to reduce the likelihood of continued actions that disrupt the educational environment.

Step 1 Interventions

- Parent conference by telephone
- Schoology reflection activities – specific course designed in Schoology that requires students to reflect on their actions and how they have negatively affected the school community (proctored by a teacher)
- Identify contributing functional and environmental factors – conference with the student that works to identify the antecedent factors that were present prior to the infraction and brainstorms better ways to address them
- Prevention program – target skill development work with a teacher on specific skills that can help to reduce concerning behavior

Step 2 Interventions

- Parent conference at the school – provide an opportunity for school personnel to discuss ways that the school/family team can work together with the family to support the student's continued growth and development
- Prevention program – after a conference targeted skill development specifically addressed in the conference
- Evaluate consequence and intervention effectiveness – team meeting to discuss the effectiveness of interventions (2nd offense)
- Develop behavior contract – specific contract written to address behaviors signed by the student
- Student Assistance Program (SAP) referral possible – referral to a team of school personnel that works in an ongoing fashion with the student

Step 3 Interventions

- Parent conference at the school – provide an opportunity for school personnel to discuss ways that the school/family team can work together with the family to support the student's continued growth and development
- Review behavior contract
- Develop Behavior Support Plan (BSP) – a specific plan written in a positive manner that rewards the student for continued appropriate behavior and identifies both short- and long-term behavioral expectations and goals
- Review student data for patterns and trends
- Refer to Child Study Team (CST)

- Child Study Team meets to discuss supports and interventions for targeted students
- Team generally consists of a principal, counselor, and school psychologist
- Student Assistance Program (SAP) referral required

Step 4 Interventions

- Parent conference at the school – provide an opportunity for school personnel to discuss ways that the school/family team can work together with the family to support the student's continued growth and development
- Review Behavior Support Plan (BSP)
- Review Child Study Team (CST) supports and interventions

Other Interventions

- Assign adult mentor
- Provide intervention support: student services (counselor school psychologist, social worker, etc.)
